

Sell VoIP!

Become An American Wireless Packet 8 Dealer.

American Wireless is proud to offer VoIP (Voice over Internet Protocol), a technology that allows users to make and receive phone calls through their broadband internet connection. American Wireless has partnered with Packet 8, a leader in VoIP. As one of the best in customer satisfaction, ease of use and installation, Packet 8 allows your customers to port over their existing home number while maintaining the use of their existing home phone equipment. Packet 8 VoIP with unlimited calling to US and Canada can be a great cost saver for your customers and provides a better alternative to traditional low-tech land line phone service.

Experience the American Wireless advantage. We'll provide you with the sales tools, POS materials and product training you'll need to be successful in the VoIP marketplace.

Become an American Wireless agent and you'll have access to our exclusive agent portal and it's simple, powerful business systems.

With a simple Internet connection you'll be able to:

- **Order, receive & inventory product**
- **Transact customer orders**
- **Generate detailed reports**
- **Automate commission claims**
- **Process resolution requests**

We offer:

- **Bi-weekly compensation**
- **Online local and national activation processing**
- **Local market support and training**
- **Equipment financing**
- **Demo programs**
